RE: Tanja Matuszis

DATE: May 26, 2006

---

This letter is to confirm that Tanja Matuszis has been employed by SDI Media Canada since November 2005 to present as a Foreign Language Subtitle Editor – German.

Tanja passed the English to German test that SDI Media has all candidates complete. We consider a pass to be a 'B+'. Just 1 in 20 people pass the test.

Tanja was then trained by SDI Media Canada to use our proprietary subtitling software – GTS. SDI has also used Tanja's services as a German translator of scripts for films and TV shows.

SDI Media is the world leader in subtitling, closed-captioning, translation and dubbing services for the film and television industry. The Canadian office opened in April 2005 and currently employs 75 people with full-time and contractor status.
